ALBAREQA+GROUP

This logo was drawn in a professional way that suits the golden ratio to be comfortable with the eye and simple for the viewers.

At the same time clarify the meaning and highlight the idea.

GOLDEN RATIO

Here we explain to you the order of logo, the geometric proportions, and the different modes that can be used for it

For our patterns we choose to use the shield, eagle's wings and the star, cause it has the main idea of protection and perfection.

We choose a very specific shield, star and wings shapes which are extracted from the main logo.

1st pattern concept

Shield

for safety & protection

Star

perfection

final result

2nd pattern concept

Wings

eagle's wings

Star

perfection

final result

Here we choose to make the pattern contains only 5 stars, which shows the excellent and outstanding services the company provides
